This year marks the beginning of our next round of contract negotiations. Please be on the lookout for emails that ask you to respond to survey questions during our fact-finding phase (beginning Fall 2019). We need to hear from you on (1) what you value within our existing contract and (2) what you would like to see change in the future contract. It will only take a few minutes of your time and we need your input in advance of the first official meeting with Questar III administration. Building-level discussions will begin via your building representation once we have time to review the survey responses.

We encourage you to participate in the monthly, union meetings held at the Sackett Educational Center, 200 Schuurman Rd., Castleton, NY, 12063, from 3:30 - 4:00 PM for member concerns and 4:00 PM - on for our official meeting. Visit our website, <http://rcgboces.ny.aft.org/> for dates and directions.

We look forward to another successful year with our students, collaboration with our colleagues and participation in *your* union!

In Solidarity, and with sincerity,

Hilary Reilly
